### Essendon Fields Private Data Network

#### The Service:

Active Utilities Pty Ltd (Active) deliver our service over the available deployed Private infrastructure installed at Essendon Fields (EF).

Active deliver your WWW service over the Activenet Pty Ltd (Activenet) internet brand. Activenet is the Telecommunication arm of Active however all your invoicing, support and general enquires will be managed through Active.

All services our bound by our fair use policy located at [HERE](#).

#### Bundling:

You do not require a telephone line for your Internet service to work.

#### Mandatory Components:

In order to receive our Private Network service, your premise needs to have a connection point to the larger EF sites

Network. Active will confirm this for you during the sign-up stage and able to assist with alternate solutions should a direct connection not yet be available in your area / dwelling.

If required, you will be provided with a preconfigured Wireless router with your service. All service and performance metrics are based on use of this device. Any BYO device must be approved for the technology used to connect your premises and you hold full responsibility to ensure it is operating effectively for the service Active provide to you.

#### Minimum Terms:

No Contract term, 12 Month Contract Term or 24 Month Contract Term.

#### Important Conditions:

Active's service is provided to you with one (1) Static IP address. Active are obligated to share this information with authorised Australian law authorities if legally requested, without your permission.

#### Speeds:

Actual speeds may vary due to many factors including type / source of content being downloaded, hardware software configuration and the number of wireless devices simultaneously connected at your premises.
